The Goldman Environmental Prize

The Goldman Environmental Prize honors the achievements and leadership of grassroots environmental activists from around the world, inspiring all of us to take action to protect our planet.

“People of ordinary backgrounds doing extraordinary things to save our Earth.”

— Richard Goldman, philanthropist and founder

Each year, the Goldman Prize solicits nominations from our alliance of nominating partners. The global reach and on-the-ground knowledge of our partners enables the Goldman Prize to identify a diverse cohort of grassroots environmental changemakers across the world. Prize winners are then selected each year by an expert, international jury.

The Goldman Environmental Prize honors grassroots environmental heroes from roughly the world's six inhabited continental regions: Africa, Asia, Europe, Islands & Island Nations, North America, and South & Central America.

The identities of the 2022 Goldman Prize winners are under a strict confidentiality embargo until 12:30 am PDT / 3:30 am EDT on Wednesday, May 25, 2022. Visit our website's media room to download an announcement toolkit and Prize winner assets on May 25.

re/Generation

Now.

The Goldman Environmental Prize is the world's foremost award honoring grassroots environmental activists, recognizing outstanding leaders from each of the world's regions. Goldman Prize winners prove that we can re/shape the Earth's future.

There is no better time than now to re/store, re/build, and re/generate our planet. We can be the re/Generation.
